

Production Notes:
1. This map is for informational purposes only and is not intended to be used for navigation. It is not a substitute for a nautical chart.
2. These data were derived from a bathymetric survey conducted by the Charleston District in 2018. The data were processed using the following methods:
3. All depths are in feet unless otherwise noted.
4. All elevations are in feet unless otherwise noted.
5. All bearings are in degrees true unless otherwise noted.
6. All distances are in feet unless otherwise noted.
7. All bearings and distances are rounded to the nearest whole number.
8. All bearings are measured clockwise from true north.
9. All distances are measured along the line of sight.
10. All bearings and distances are measured from the center of the line of sight.
