Dear Mr. Myers:

This is in response to your letter of January 24, 2013, requesting a wetland determination, on behalf of the City of Charleston Real Estate Department, for a 1.13 acre tract located adjacent to the James Island Recreation Center on Quail Drive, Charleston County, South Carolina. The project area is depicted on the drawing you submitted which was prepared by Frank David Stevens, dated January 29, 2013, and entitled "City of Charleston Current Park Parcel".

Based on an on-site inspection and a review of aerial photography and soil survey information, it has been determined that the referenced property does not contain any wetland areas or other waters of the United States and, as such, Department of the Army authorization will not be required for mechanized land clearing, excavation, or the placement of dredged or fill material on this site.

Please be advised that this determination is valid for five (5) years from the date of this letter unless new information warrants revision of the delineation before the expiration date. All actions concerning this determination must be complete within this time frame, or an additional delineation must be conducted. For the purposes of 33 CFR 331.2, this is considered to be an approved jurisdictional determination.

In future correspondence concerning this matter, please refer to SAC-2004-35387 . A copy of this letter is being forwarded to the South Carolina Department of Health and Environmental Control, *Office of Ocean and Coastal Resource Management* for their information.

If you have any questions concerning this matter, please contact me at 843-329-8044 or toll free at 1-866-329-8187.

Respectfully,

Charles Crosby
Chief, South Branch
