SPECIAL PUBLIC NOTICE

***CHARLESTON DISTRICT SERVICE AREA GUIDANCE FOR MITIGATION BANKS
AND IN-LIEU FEE PROGRAM SITES WITHIN SOUTH CAROLINA***

The purpose of this notice is to advise the public that the U.S. Army Corps of Engineers, Charleston District, in collaboration with the South Carolina Interagency Review Team (IRT) has developed guidance for developing Service Areas for Mitigation Banks and In-Lieu Fee Program Sites within South Carolina.

In coordination with the South Carolina Interagency Review Team (IRT), the Charleston District has developed a series of service area maps to assist mitigation bankers with their initial feasibility analysis for proposing new mitigation banks within the state. When preparing a mitigation bank or in-lieu fee program prospectus/instrument, the Sponsor should include the appropriate service area map and a brief narrative of the geographic boundary (8-digit HUC and eco-region).

These maps are available at
