April 18, 2013

This revised public notice was recently issued on April 9, 2013, to invite public review and comment on revisions to the proposed project. The Corps determination of the overall project purpose in that notice was incorrectly stated. The correctly stated project purpose is included below. Other information in the April 9, 2013, public notice remains the same.

According to the applicant, the project purpose is to produce gold for sale from the mineralized gold bearing zones on the Haile property. The Corps of Engineers has determined that the overall project purpose is to open and operate a gold mining operation using gold-bearing mineral reserves in the Carolina slate belt region.

If there are any questions concerning this public notice, please contact Richard Darden at 843-329-8043.
