

**US Army Corps  
of Engineers**  
Charleston District

19 March 2024

**Program Fact Sheet**  
National Aeronautics and Space Administration  
(NASA)

---

**PROJECT DESCRIPTION AND LOCATION**

The Headquarters of the National Aeronautics and Space Administration (NASA) is in Washington, DC. The mission of NASA is to be America's civil space program and the global leader in space exploration. The agency's organization comprises a diverse workforce of just under 18,000 civil servants, and works with many more U.S. contractors, academia, and international and commercial partners to explore, discover, and expand knowledge for the benefit of humanity. Currently, USACE Charleston District is working with NASA partners at both Michoud Assembly Facility (MAF), NOLA (a facility that is a part of Marshall Space Flight Center in Huntsville, AL) and Stennis Space Center (SSC), Stennis, MS to repair a variety of storm damaged roofs.

**STATUS**

In FY23, Charleston District awarded 2 contracts (with mods) for Michoud Assembly Facility (MAF) Ancillary Support Building 220, 320 and 420 Roofs at a total cost of \$9.29M.

FY-24 projected work includes awarding a stand-alone design build contract for Stennis Space Center (SSC) for 22 Misc. Roofs at a total cost of over \$20M.

**FUTURE ACTIVITIES**

Charleston District will continue to provide support NASA as requested; however, the workload beyond FY24 is uncertain.

Anticipated FY24 Execution: \$20M+

**SPONSOR**

National Aeronautics and Space Administration
