

**US Army Corps
of Engineers**

Charleston District

Program Fact Sheet

Support To Fort Jackson

**Program Description
and Location:**

Fort Jackson is located in Columbia, SC and represented by Congressman Joe Wilson (SC-2). It is the largest and most active Initial Entry Training Center in the U.S. Army, training 50 percent of all Soldiers and 80 percent of the women entering the Army each year. Fort Jackson is home to the U.S. Army Soldier Support Institute, the U.S. Army Chaplains Center and School and the National Center for Credibility Assessment (NCCA).

The fort includes more than 52,000 acres, including more than 100 ranges and field training sites and 1,160 buildings. The fort continues to grow as a result of the Base Realignment and Closure Commission’s decision to make Fort Jackson the home of the Army’s only Drill Sergeant School, the Armed Forces Chaplain Center and the 81st Regional Reserve Command. The U.S. Army Corps of Engineers, Charleston District took over as the Design Construction agent in June 2008.

**Program Current
Status:**

As of 28 November 2018 - Currently, Fort Jackson's 2019 Program includes 2 Military Construction Army (MCA) Project estimated at \$112M, 1 Unspecified Minor Military Construction Army (UMMCA) Project estimated at \$3M, 1 Energy Resilience Conservation Investment Pgm (ERCIP) Project estimated at \$5M and 2 Operation and Maintenance, Army (OMA) projects estimated at \$12M. Funding for the OMA projects is questionable due to fiscal uncertainty. Typical facilities at Fort Jackson include barracks, dining facilities, battalion headquarters, classrooms administrative buildings and ranges. Fort Jackson currently has approximately \$151M under construction.

- FY19
- MCA
- Reception Station Complex, Ph1 - \$60M
- Basic Training Complex 4, Ph2 - \$52M
- UMMCA
- Upgrade Access Control Point - \$3M
- ERCIP
- Upgrade Central Energy Plant - \$5M
- OMA
- Bldg 2100 Renovation - \$7M
- Preventive Maintenance Services - \$5M

Total - \$132M

Future Activities:

Charleston District will continue to provide support to Fort Jackson on an annual basis as workload and funding is provided from the customer. SRM budgets are estimated to remain similar. FY20 program is expected to be lower than the FY19 Program or close to \$15M in MCA and OMA projects. If the FY21 Reception Station Complex, Ph2 MCA project gets moved to FY20 then the FY20 program will increase by \$47M. This effort to move the Reception Station Complex, Ph2 MCA forward is currently being explored.
