

US Army Corps
of Engineers

Charleston District

Program Fact Sheet

Support To Fort Jackson

Program Description and Location:

Fort Jackson is located in Columbia, SC and represented by Congressman Joe Wilson (SC-2). It is the largest and most active Initial Entry Training Center in the U.S. Army, training 50 percent of all Soldiers and 80 percent of the women entering the Army each year. Fort Jackson is home to the U.S. Army Soldier Support Institute, the U.S. Army Chaplains Center and School and the National Center for Credibility Assessment (NCCA).

The fort includes more than 52,000 acres, including more than 100 ranges and field training sites and 1,160 buildings. The fort continues to grow as a result of the Base Realignment and Closure Commission's decision to make Fort Jackson the home of the Army's only Drill Sergeant School, the Armed Forces Chaplain Center and the 81st Regional Reserve Command. The U.S. Army Corps of Engineers, Charleston District took over as the Design Construction agent in June 2008.

Program Current Status:

As of 5 Nov 2019 - Currently, Fort Jackson's 2020 Program includes 2 Military Construction Army (MCA) Project estimated at \$112M, 2 Energy Resilience Conservation Investment Pgm (ERCIP) Project estimated at \$13M and 3 Operation and Maintenance, Army (OMA) projects estimated at \$6M. Funding for the OMA projects is questionable due to fiscal uncertainty. Typical facilities at Fort Jackson include barracks, dining facilities, battalion headquarters, classrooms administrative buildings and ranges. Fort Jackson currently has approximately \$78M under construction.

FY20

MCA

Reception Station Complex, Ph1 - \$60M

Basic Training Complex 4, Ph2 - \$52M

ERCIP

Upgrade Central Energy Plant - \$5M

Combined Heat and Power - \$8M

OMA

Weston Pond - \$5M

Earth Covered Magazines - \$700k

Hilton Field Security Upgrades - \$600k

Total - \$131M

Future Activities:

Charleston District will continue to provide support to Fort Jackson on an annual basis as workload and funding is provided from the customer. SRM budgets are estimated to remain similar. FY21 program is expected to be lower than the FY20 Program or close to \$98M in MCA and OMA projects. The MCA for Reception Station Complex, Ph2 is scheduled to be awarded in FY21 at roughly \$85M.
