B. REQUIRED ADDITIONAL COMMENTS TO SUPPORT JD. EXPLAIN RATIONALE FOR DETERMINATION THAT THE REVIEW AREA ONLY INCLUDES DRY LAND: This form addresses 22.92 acres of uplands in Conway, SC. A large portion of the site is an existing cemetery. The project area was previously called uplands under the determination SAC-1991-23850. Due to the consistency in the depiction of uplands in desktop resources the project area was determined to be void of aquatic resource.

¹ This form is for use only in recording approved JDs involving dry land. It extracts the relevant elements of the longer approved JD form in use since 2007 for aquatic areas and adds no new fields.
