<sup>1</sup> This form is for use only in recording approved JDs involving dry land. It extracts the relevant elements of the longer approved JD form in use since 2007 for aquatic areas and adds no new fields.

**B. REQUIRED ADDITIONAL COMMENTS TO SUPPORT JD. EXPLAIN RATIONALE FOR DETERMINATION THAT THE REVIEW AREA ONLY INCLUDES DRY LAND:** The topo map shows the site located on the side of a ridge. Other mapping sources indicate no wetlands or other waters are located on the site. Consultant photos show the site has been partially cleared but contains areas of mixed pine-hardwood forest and planted pine. This office agrees with the conclusions of the submitted information documented on this form. The project area consists entirely of dry lands.
