**B. REQUIRED ADDITIONAL COMMENTS TO SUPPORT JD. EXPLAIN RATIONALE FOR DETERMINATION THAT THE REVIEW AREA ONLY INCLUDES DRY LAND:**

Based upon the information provided by the consultant in the AJD request, aerial photography, soil survey mapping, NWI mapping and a field view of this project, the Corps has determined that there are no aquatic resources located within this project area. Therefore, there are no areas within this project boundary that are considered to be waters of the U.S. or are within the jurisdiction of the Clean Water Act.
