

PUBLIC NOTICE

**CHARLESTON DISTRICT, CORPS OF ENGINEERS
69A Hagood Avenue
Charleston, South Carolina 29403**

REGULATORY DIVISION

March 20, 2020

**CHARLESTON DISTRICT REGULATORY PERMIT PROCESSING PROCEDURES AND
OFFICE OPERATIONS IN RESPONSE TO COVID-19**

The purpose of this notice is to advise the public that the U.S. Army Corps of Engineers, Charleston District Regulatory Division's physical office locations are closed to the public until further notice.

During this time, Regulatory staff will be working remotely in a social distancing mode, so site visits and office visits are postponed until further notice. Meetings will be conducted virtually if at all possible and site visits will be re-scheduled when exposure risks are lower and guidance allows.

Regulatory Program staff and leader accessibility to consultants, applicants, and the general public via telephone will be limited. While we will continue to monitor our phone systems to the best of our ability, the most reliable form of communication is e-mail. Even our e-mail system will be slow due to the volume of work being done remotely. Your patience with us as it pertains to response times is greatly appreciated.

Our staff will be working diligently to process current actions and new submittals electronically. When a new application is received, you will be notified who your project manager is and given their e-mail address. Questions regarding active projects should be directed via e-mail to the Regulatory Project Manager assigned to process the request.

New submittals, along with general questions and reports of unauthorized activity, should be submitted through our e-mail portals. Electronic submittals may be sent directly to a specific Regulatory Office at the email addresses listed below.

Charleston District Office: SAC.RD.Charleston@usace.army.mil

Columbia Regulatory Field Office: SAC.RD.Columbia@usace.army.mil

Conway Regulatory Field Office: SAC.RD.Conway@usace.army.mil

Greenville Regulatory Field Office: SAC.RD.Greenville@usace.army.mil

Information pertaining to the location and geographic region for each office can be obtained via the following link: <http://www.sac.usace.army.mil/Missions/Regulatory/>

Travis G. Hughes
Chief, Regulatory Division
